Mr. Speaker: Members, nungi ita ouga ino ang tik etsiok kiwiwid. Oreit tik ine iat Chamber ngea amea expelled Member.

Honourable Members, I think you will agree with me that I have done all within my efforts to bring the House to order and proceed with the normal business of the day,

Mr. Akua (Anabar/Ijuw/Anibare): Mr. Speaker, point of order. You mentioned that all agree, can you retract that phrase, rephrase your statement bwe ngam pwer record eiyen.

Mr. Speaker: Thank you Member for Anabar.

I recognise the urgency of government business as indicated by His Excellency the President. There is the Appropriation Bill 2004-2005, the proposed Anti Money Laundering Bill and several businesses which the government would like to introduce. Nevertheless my request for excluding the former Member of Parliament, Dr. Kieren Keke has not been acceded to.

It is a well established practice of this House that a Member whose seat has been vacated seeks either legal recourse under Article 36 of the

Constitution or seeks re-election to vindicate his stand, however this has not happened and the former Member continues to be present in the House. The recourse which he has resorted to is unparalleled and unprecedented in the parliamentary history of Nauru.

I must say that my request seeking assistance from His Excellency the President, his Cabinet colleagues and the government front-benchers has not borne any fruit. Whilst not oblivious of my constitutional, legal and moral duties, I have no other choice but to adjourn this House sine die.

Before I give my declaration to this effect, I would like to request His Excellency the President if he could bear in mind the precedents of this august House and the dignity and honour of parliamentary democracy and request Dr. Kieren Keke to leave the Chamber.

Mr. President, kongaw tsinia wo gona request eiy amea Member bwe enim erowi Chambers.

Mr. Speaker: Thank you Mr. President. Ogen garo, we are not getting anywhere, so this House is now adjourned sine die.
